CONTAINER SOLUTIONS

Company Profile :

Our Motto is “ solutions Built to find solution for your accom-
dation to that end, Our products, service and teamworks are
built to stand the test of time and are at the center of who we
are. Our goal is to create value for our customers through the
quality and efficiency of our actions and product. Our suc-
cess will be measured by the satisfaction of our customers.

We are committed to providing products and services for the
processing, transporation, and storage of industrial prod-
ucts. Today, Our real-time technology services and solutions
enable customers to translate acquired data into useful in-
formation, which our customers then transform into knowl-
edge for improved decision making- anytime, anywhere.

History

The original company was founded 9.9.2009 by Viswanathan and operated under the name of Container Solution in Chennai we have branches all over in India. We have branches in Hyderabad and kerala In tamilnadu we have branches in Chennai and Trichy.

Container solutions in Chennai – India is a Chennai based venture. Container solutions in Chennai Specializing in the unique and innovative use of shipping containers to create strong and cost effective structures for regular use.

Container solutions in Chennai we design construct mobile residential Units, Container Cafes, Container mobile offices, Holiday Homes, Container Hotels, Container Hostels, Container Restaurents, Container swimming pools and climbing walls using shipping containers. Shipping Containers provide a new approach towards building modular, and Cost effective structures. Useful Spaces are by arranging and joining containers in various posi-
tions. Containers structures are not only eco friendly but take considerably less time to build than traditional structures.

We Provide end to end design and construction of mobile residential Units, Container Mobile Office, Container Holiday Homes, Container Hotels, Containers Hostels, Containers Restaurents, Container Cafes, Containers Swimming pools and climbing walls using Shipping Containers
